2018 VALSECCHI VINEYARD

Carneros District Sonoma Valley Zinfandel

This vineyard is one of Biale's little gems - a beautiful Zinfandel from a small inconspicuous site just outside the town of Sonoma, off Napa Road. Technically this vineyard lies just within the northern boundary of the Carneros Appellation which makes it very rare indeed – one of only a few Zinfandels and certainly the oldest existing vineyard within this AVA (American Viticultural Appellation).

Carneros (meaning “rams” in Spanish), lying close to San Pablo Bay, has a particularly cool, breezy and foggy maritime climate with soils that were formed millennia ago when it once was submerged by an inland sea. Occasionally fossilized sea shells can be found among the rocks and soils of Carneros vineyards. Easy access for barges and boats and excellent agricultural conditions made Carneros a prime source for all types of produce and meats that were supplied to early San Francisco – grapes being among the most in demand.

The Valsecchi Vineyard is named for John Valsecchi, who after a life of dairy work, retired to farm the old Zinfandel vineyard near Sonoma he had purchased that was planted around 1900. Under the prideful and loving care of Valsecchi's grandson, Ron Mick, the vineyard has survived with its ton or two of grapes going to Biale since 1995. Hidden behind a farmhouse, you would never notice this patch of twisting and weathered old vines. Now - Valsecchi in the glass -you would sit up and take notice!

Vintage Notes: Seamless season of heavenly hangtime and phenomenal phenolic development. February saw abundant rains, followed by lots of filtered light in spring and early summer. Both bud break and flowering occurred a bit late, but under ideal weather conditions, creating plentiful and even fruit set. Summer brought generous sun during the day and cooler marine influences, virtually uninterrupted by major heat spikes. The relatively mild summer followed by extended fall sunshine and moderate heat created near-ideal conditions for winemakers to allow their fruit to accumulate flavor complexity with gradual increases in sugar levels. Volume is looking great, up 20-30% increase over average crop quantity.

Harvest Dates: 9-29-18

Winemaking: The fruit was hand-sorted first in the field then again at the winery. Open-top fermentation and punched down three times per day. Pressed to Burgundian oak – 25% new. Aged 14 months.

Alcohol: 14.5%

Winemaker's Tasting Notes: This wine makes you want to take a bite out of it. Strawberry preserves, red plum, cranberry, pastry and lychee are present in the nose of this lovely wine. It has concentrated fruit with a creamy texture and a punch of acidity which makes for a long mouthwatering finish.

Only 150 cases produced.
